# **DIRECTIONS TO THE DEPOT**

We have pleasure in advising you on directions as follows.

## **FROM WESTBOUND M4**

Leave M4 at Junction 40 and come down a short slipway to a roundabout.

Take first left here and within 100 yards the road takes a sharp left hand bend.

Follow this road down to the traffic lights and turn right.

Approximately  $\frac{3}{4}$  mile up this road you will see a Texaco Petrol Station on your left and traffic lights ahead.

Turn left at these lights and over the railway crossing into the docks. There is a roundabout ahead of you go straight over and onto Llewellyn's Quay.

Approx. 200 yards up this road you turn left after a signpost 'Pump Supplies Ltd' and up a concrete rack.

## **FROM EASTBOUND M4**

Come off same Junction (40). Take last exit off roundabout and follow above.
